AFRICA OPERATIONS

Life is most precious

- Africa business spans 25 countries and will grow to 30 countries by 2015
- Business models are varied and customized to meet the needs of each country comprising of direct front-end presence, using distribution network and participation in tenders.
- Strong presence in West and French African Markets and exploring growth potential in Central and East Africa.
- Rich Portfolio of over 600 registered products with a country specific product mix encompassing different therapeutic segments
- New products planned each year to complement the existing range

STRIDES - BRANDS
